Keeping Michigan Safe + Healthy During COVID-19

The Impact of Our Emergency Dental Care Response

Every 15 Seconds

Someone needs Emergency Dental Care in the US

The average charge for an ED visit for non-traumatic dental conditions is \$1,428.

11

MCDC Locations Remained Open During Covid-19

From March 17 - May 31, 2020 MCDC saw 1,779 patients. 92.8% of those patients were over 18, while 7.2% were under 18.

1,779

Emergency Patients Seen at MCDC

By remaining open for emergency dental care, our centers reduced the burden on emergency dept. and health care facilities.

Emergency Care

MCDC was able to address potentially life threatening and immediate dental needs.

Our focus was on the management of conditions that required immediate care, including:

- SEVERE DENTAL PAIN + SWELLING
- TISSUE TRAUMA
- ABSCESS OR INFECTIONS
- TEMPORARY RESTORATIONS
- TOOTH FRACTURE

MCDC provides
emergency dental
visits at less than
1/3 of the cost of
an ED visit.

Our Mission

Enhance community health by offering access to quality dental care for all.

My Community Dental Centers is a nonprofit dedicated to expanding access to dental care for the underserved. Our 34 dental centers are operated in partnership with local health departments. Established in 2006, MCDC offers comprehensive, patient centered care - from regular checkups and cleanings to restorative care and dentures. MCDC serves over 76,000 patients annually throughout Michigan. Our goal is to provide a quality dental home, helping individuals and families achieve better health and lead productive lives.

Our Continued Impact

MCDC has significantly increased access to dental care with the support of \$1.55M in state funding annually. This funding resulted in the opening of 17 new centers, throughout Michigan, over the past 5 years. It directly supports services to adults enrolled in traditional Medicaid. The state funding also draws Federal Medicaid Matching funds on a 2:1 ratio.

Client Testimonials

To everyone who helped bring a smile back to my face because of each of you, I can now proudly show my teeth behind it. A simple thank you doesn't seem to be enough to show the gratitude I feel when I look into a mirror and how happy I feel with what's looking back at me. Very thankful for people like you.

Frank, Charlotte, MI

I had been putting off going to the dentist for years due to fear of pain and judgment. I finally went and even though I have more work that needs to be done, I'm not dreading it. They made me feel very comfortable. I didn't feel judged, just supported and guided in the direction of fixing and preventing further damage.
